SAFE WALKING ROUTES

August 2019

Pedestrian Route Detours

Mountain View Corridor construction is underway from 4100 South to S.R. 201. As school starts up, here is a reminder of the safe walking routes to local schools between 4100 South and 3500 South.

3500 South: Pedestrians will use the south sidewalk on 3500 South. Please use caution while walking near the construction area and follow signs/signals/flaggers.

4100 South: The north and south side sidewalks on 4100 South are open. Follow signs and new traffic signals where haul trucks enter the construction zone.

Cilma Drive Detour: The Cilma Drive detour provides access from both east and west of the construction zone to Ascent Academy. This detour route has a sidewalk for pedestrians. Please use this designated route to travel through the construction zone. Flaggers may be directing traffic and pedestrians on the Cilma Drive Detour while hauling operations occur.

Please see the map for safe walking routes.

As construction continues, walking and driving routes to schools may change. Please check our website for updates and sign up for our weekly construction emails to stay up to date on upcoming impacts. For more information, contact Mountain View Corridor at 1-800-596-2556 or at mountainview@utah.gov.
